Dear Sirs,

This communication is being sent to you from the Steering Committee of the Association of State Green Parties (ASGP) to support the recent request from the Green Party of New Mexico to the FEC for an Advisory Opinion on the question of the Party's qualification as a state committee.

This letter serves as confirmation that the Green Party of New Mexico is a fully affiliated member state party of the Association of State Green Parties (ASGP) and that the Green Council of the Green Party of New Mexico is the entity responsible for the day-to-day operation and oversight of the activities of the Green Party of New Mexico. Accordingly, we confirm that the Green Council meets the requirements set forth by the FEC for the establishment of a state committee of a political party.

The Association of State Green Parties (ASGP) currently consists of twenty (20) state Green Parties that have filed affiliation agreements with the Association. These states include the state Green Parties of Nevada, Arizona, Utah, New Mexico, Colorado, Arkansas, Ohio, Michigan, Pennsylvania, New Jersey, Maine, Rhode Island, Connecticut, Massachusetts, D.C., Virginia, Tennessee, Wyoming, Hawaii, and the Pacific Party of Oregon. Through these affiliation agreements, these state Green Parties have formally agreed to abide by the Association bylaws.

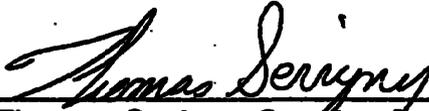

The signers below are the official, elected representatives of the Association of State Green Parties (ASGP) and were elected to the Steering Committee in Topsham, Maine on October 5, 1997.

Additional questions concerning the Green Party of New Mexico's request may be sent to our legal advisor at the address below.
